Notification of price revision for Elastomer and Latex products

Dear Valued Customer,

I would like to express my sincere thanks and deepest appreciation for your cooperation. ENEOS Materials Corporation announces that it has decided to implement the following price revisions for Elastomer and Latex products.

1. Price Revision:

ENEOS Materials	Elastomer and Latex products	12JPY/KG~
BST ENEOS Elastomer	Elastomer products	120USD/MT~
ENEOS MOL Synthetic Rubber	Elastomer products	170EUR/MT~

2. Date of revision: From on May 1, 2024

3. The reason of revision

Global inflation has caused business operating costs, including Equipment maintenance, labor, and logistics costs, to rise.

Although we have been able to absorb the cost increase on our own, we have concluded that it is beyond the scope of our self-help efforts.

We would really appreciate your understanding and cooperation for our stable supply.

Sincerely,
